

This term in Year 1

Welcome to Year 1! We are excited to meet everyone and look forward to getting to know all the children in the coming weeks.

Maths

As **mathematicians** we will begin by sorting objects into different groups and learn to fluently use numbers to 10. We will be counting forwards and backwards, one more and one less and comparing and ordering numbers. We will also move onto adding and subtracting numbers to 10, including looking at number bonds of numbers to 10.

English

As **writers** we will be looking at the books 'I Want My Hat Back' by John Klassen, 'Beegu' by Alexis Deacon and 'Look up' by Nathan Bryon. We will be using our sounds to write words, building sentences using nouns and verbs and using finger spaces between words in a sentence.

Enquiry

Our first enquiry question this term is 'What do artists do?' As **artists** we will be looking at a variety of artists including the 'polka-dot princess' Yayoi Kusama and the children will have a go at creating their very own dotty, spotty art. We will then become **scientists** and **engineers** in our enquiry 'What is my hat made of?' The children will design their hats ready to take part in a 'hatwalk'.

RE

As **philosophers** we will be exploring what it means to belong to a community faith.

Computing

We will be using ipads to take pictures and edit them.

PE

As **athletes** we will be putting our skills to the test and learning fundamental throwing and catching skills.

PSHE

As **philosophers** the theme we will explore is 'Being Me in my World'.

Music

As **musicians** we will be learning to find the beat. Our first song is the 'menu song'.
