

Abbotswood Primary School Homework – Term 5

Year 1

Tasks I must complete each week:

Reading

Your child should be reading their schoolbook at **least 4** times a week.

Remember to also read books of interest to them to keep them excited about stories.

All reading books and records should come in to school **EVERY FRIDAY**.

Phonics

Children have a list of common exception words each term that we would like them to learn. Please practise the **Term 5 common exception words** as well as the words that they struggled with from earlier terms.

Please practise the weekly '**Phonics Screening Check**' sent out via email. This check is in June.

Number Bonds

Children are expected to have instant recall of number bonds to **5, 10 and 20** by the end of Year 1. Children who have completed these, will move on to finding half and number doubles.

Please can you practise these bonds at home, securing knowledge and understanding. This can initially be done by using resources (fingers are a great help as they are always with them!) then moving onto instant recall.

This term, I can choose to do:

As an athlete:

Get moving! This term we are looking at fitness and athletics! Get the whole family together and go for a walk, a bike ride or even a run.....don't forget the pictures!

As a scientist:

Choose your favourite animal and make a '**top trump**' card and write at least two TOP facts. Which animal group do they belong to? Are they a: mammal, amphibian, bird, reptile, or fish? What do they eat? Are they a: carnivore, herbivore or omnivore?

As an artist:

Take a stroll around your garden or a park and observe what plants you can see. Draw a sketch of your favourite flower or tree.

As a mathematician:

Grow a sunflower and keep a record of its height in a table. Who can grow the tallest sunflower in the class?
