

This term in Year 3

What is underneath our feet?

We hope you have had a fantastic Half-Term break! We are really looking forward to our new enquiry and all of the exciting new learning we will be doing. The children will love learning about rocks, soils and fossils, especially through our trip to the quarry.

We are now over half way through the year! Where has it gone already?

If you have any questions, please do come and see us. We are available most days after school. A member of the Year 3 team will also be at the door in the morning to welcome you and take any messages.

Year 3 Team

Maths

We will be further developing our measurement and perimeter skills. The children will then move on to fraction where they will learn about numerator and denominators of unit and non unit fractions.

To help your child as we continue to move through the year keep practising times tables. It really does help!

Remember there are lots of ways that you can do this including times table rockstars, BBC super-movers and Hit the button.

English

In English, we will be studying the book 'The Boy who Grew Dragons' By Andy Shepherd.

We will be focusing on extending the range of sentences using a wider range of conjunctions and recapping apostrophes for possession!

Enquiry

This term, in enquiry, we will be Scientists and Geographers looking at rocks, fossils and soils. We will create a flowchart to show how these are formed that will be published on our website. This will answer our new enquiry question:

'What is underneath our feet?'

RE

In RE this term, we will be continuing to answer the question—What does it mean to be a Christian in Britain today?

Music

In music, we will be learning about "More musical styles", music notation and rhythms.

PE

PE days will be **Monday** and **Wednesday**. We will be doing Dance and Hockey.

On these days, please come to school in your PE kits. Please remember to have jewellery taken out (if a piercing cannot be taken out it must be covered with microporous tape) and long hair tied back (**Remember hair bands!**).

PSHE

This term in PSHE we will be looking at the topic 'Healthy Me.' We will be looking at how to be and keep ourselves safe and healthy.
