

Tasks I must complete each week:

Reading

Reading records will be checked every Friday. We ask that the children read a minimum of 4 times per week.

In Year 6, the children can read independently (if you would like them to) but we do ask that each read is signed off by an adult.

The Year 6 Production

In preparation for the play, we would appreciate for you to learn as many of your lines as possible!

This is important as we only have 5 weeks to put on the show! The sooner you learn your lines; the sooner we can get the performance up and running! 😊

Maths

Please **continue to practise times tables at home**, as this is a vital skill across all areas of maths. Times table tests will be every Friday, and the children will be asked to take their results home.

To keep up with the children's arithmetic knowledge, ready for secondary school, please continue to use mathsbot.com.

Be aware that the children do not need a login for this. It is a great, free resource which the children use daily in class so know exactly how to use it.

Please follow the link below to take you directly to the KS2 arithmetic practice papers. The children can complete a whole paper, or, if they would rather revise key areas, they can generate their own questions too.

<https://mathsbot.com/primary/ks2Mini>

SPaG

To keep up with the children's arithmetic knowledge, ready for secondary school, please continue to log into **spag.com** to complete by the following Friday.

The questions will be linked to the current punctuation/grammar being taught in class or revising past key punctuation/grammar skills. Each child has their own login.

Why are shadows significant in art?

This term, I can choose to:

Create your ultimate Olympics! Choose what sports/events you would have taking place! Who would perform at the opening ceremony? What do your medals look like? Display this however you would like 😊

Research a Greek God or Goddess and display this information however you would like 😊

Life skills:

Help with keeping your home tidy by offering to do the hoovering!

Help in the kitchen too, by making a meal for your family.
